GET IN YOUR ORDER BEFORE ALLOTMENT IS SOLD OUT

An economical Combination of Oldest, Simplest and Cheapest Reduction Processes. No digging and waiting. Practically an industrial proposition. Ore ready to be shoveled into works. Assay proven to 260 feet depth. Plenty of water developed. Average of 400 assays to 10 feet depth, \$1.17 gold per cubic yard. High assays at greater depth not included. Total cost of treatment, 55 cents per cubic yard--every item figured at maximum cost. One thousand ton plant pays \$500 per day profit on gold values alone--Every dollar in platinum is additional profit. Raw material ready for shovels sufficient to run twenty plants, each 1000 tons per day capacity, 100 years.
